RE: Your application dated 3/28/2017 regarding study number 2017008: Improving Self-Efficacy for Palliative Care through Simulation (GH Nursing)

Dear Ms Trovato:

I have reviewed your application for the new nursing research study listed above. This study qualifies as exempt from review under the following guideline: exemption 2: anonymous educational tests, surveys, interviews, or observations.

You are free to conduct your study without further reporting to Greenwich Hospital IRB.

Thank you for keeping the board informed of your activities.

Sincerely,
