

Quiet Time Survey

Your opinion is valuable to us.

The Greenwich Hospital Maternity Unit is considering "**Quiet Time**". Quiet Time provides the much needed rest and privacy that our patients deserve during their hospital stay.

Quiet time helps:

- Decrease fatigue
- Increase bonding time
- Allow parents to become familiar with their babies' feeding cues

Quiet Time will be seven days a week from 1:00pm to 3:00pm.

Visiting hours will be before or after these hours.

Interruptions during this time will be for essential nursing care only.

During your recent stay, would **Quiet Time** have been valuable to you?

Please circle your answer

Yes

No
